ABOUT US

V CARE FOUNDATION

The V Care Foundation is dedicated to helping those who are homeless, mentally sick, needy, impoverished, and destitute. The foundation's trustees were inspired to help these marginalized groups after seeing their hardships and realizing how urgently they needed food, clothing, and relief from suffering. Motivated by this insight, they founded a state-level organization to help those in need, regardless of age or gender, whether they be women, men, children, or young people.
